

## National Immunisation Day – 21<sup>st</sup> February 2016

### Ludhiana

A city in the Punjab, which is one of the most polluted places in India, in terms of both the water and air. A small group of 12 volunteers is required. It is reached by train on an interesting journey of about 4 hours.

### Delhi

Due to the high number of Rotary Clubs in the area, Delhi can use as many volunteers as we can provide.

### Badaun

A poor town six hours drive east of Delhi in Uttar Pradesh. A group not exceeding 24 will be required.

### Karnal

A poor, industrial city located 85 miles north of Delhi.

INDIA

### Kolkata

Requesting 12 volunteers.  
A regular volunteer has already promised to fill these 12 vacancies so we will treat this option as fully subscribed.

### Bhiwadi

An industrial city just over the border into Rajasthan.
