

Tiptree

Purple4Polio

This jar of Purple4Polio jam has been given to Rotary by Wilkin & Sons Ltd and is helping us rid the world of polio, a life threatening and disabling virus.

£1 million target

By making a £2 donation for this jar, you are contributing to our £1 million target to support efforts to End Polio Now and forever.

Plus, with matching scheme from the Gates Foundation, that £1 million can become £3 million, meaning your donation will change even more lives.

What is polio?

Polio is a highly contagious virus which attacks children under the age of five and can cause paralysis and even death.

Rotary pledged to rid the world of polio back in 1985, when over 1,000 cases a day were being detected across 125 countries. In 2016, there were 37 cases worldwide in just three countries.

There is absolutely no cure, but a simple vaccine can prevent it. Each oral vaccine costs approximately 20p so your support may literally save a child's life.

How will you use your jar of jam?

**Will you be unable to resist it yourself?
Will you give it as a gift? Or will you do
further fundraising with it?**

Why not fill the jar with loose change or £1 coins and take it back to your nearest Rotary club? We are hoping each jar can collect at least £20 worth of donations. By getting involved you will be part of history.

Get involved

Ending polio is just one of the hundreds of initiatives Rotary is involved in to make a difference to communities at home and abroad.

If you'd like to get involved with a diverse, active and life changing service organisation, give Rotary a try.

Make your donation go further

If you're a UK tax payer, you can make donations go further by filling in a Gift Aid form, visit:

Tiptree

The Wilkin family have been farming at Tiptree, Essex since 1757 and Mr Arthur Charles Wilkin made the first strawberry jam at Tiptree in June 1885. Today traditional English fruits are still grown on the farm and the range of products made by Tiptree has widened to include marmalades, curds, savoury products, Christmas puddings and fruit gin liqueurs. Wilkin & Sons Ltd., are very pleased to be able to provide preserves so that each rotary member can fundraise for this worthy cause to eradicate Polio throughout the world.

Thank you!

Rotarian Nigel Dyson of the Rotary Club of Kelvedon & District would, on behalf of Rotary in Great Britain & Ireland, like to thank the directors and staff of Wilkin & Sons Ltd for making this possible.
